NRC Form 314 - Attachment

Section A. Materials Data Item 2:

The materials possessed by the Ohio Valley Electric Corporation (OVEC) under NRC license 34-05475-02 are located at Clifty Creek Station, one mile west on State Route 56, Madison, Indiana, as specified at Item 10 of the NRC license.

OVEC has requested to amend the mailing address at Item 2 on the NRC license from Piketon, Ohio, to Madison, Indiana. As a result, the materials licensed under the "Ohio" license number are being transferred to an "Indiana" license number. All records regarding the "Ohio" license will be transferred to the "Indiana" license.

Section B. Other Data Item 1:

In order not to disrupt licensed activities at the Clifty Creek Station, please do not terminate the "Ohio" license until the "Indiana" license is effective.

Section B. Other Data Item 2:

A radiation survey is not applicable. The licensed materials are not being removed from the Indiana premises. These materials will continue to be used in Indiana at the Clifty Creek Station in accordance with the NRC license. These materials were never located in the State of Ohio.
