Dear Mr. Wiedeman:

This letter is in response to the Notice of Violation issued to Byproduct Material License No. 22-18862-01. In our license renewal application dated March 12, 1985, we requested to have the four individuals not previously authorized by our license added to our license as authorized users. Pending issuance of our license renewal we will then be in compliance. Our license is currently being reviewed for renewal by Evelyn Matson.

If you have any questions about our renewal please contact her.

Sincerely,

Andrea Fell-Moody  
Safety Administrator  
and Radiation Protection Officer
