It also refers to the discussions of the preliminary inspection findings held by the inspector with Messers. R. Moore, W. Speight and other members of their respective organizations at the conclusion of the visit.

Areas examined during this inspection included activities related to physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility and contractor personnel, and observations by the inspector.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation enclosed as Appendix A to this letter. The item has been categorized into a severity level as described in the NRC Enforcement Policy, 10 CFR Part 2, Appendix C.

Your response to this Notice is to be submitted in accordance with the provisions of 10 CFR 2.201 as stated in Appendix A, Notice of Violation.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of the findings of your safeguards and security measures are exempt from public disclosure; therefore, the Notice of Violation and the enclosed inspection report will not be placed in the Public Document Room and will receive limited distribution.
