Gentlemen:

Subject: Millstone Unit 2 Management Meeting 50-336/85-26 (July 18, 1985)

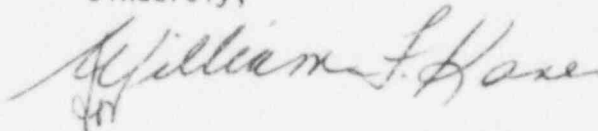

This documents the management meeting held in NRC Region I on July 18, 1985. The purpose of the meeting was to discuss the measures you had taken to assure that all design changes made during the recent outage had been determined to have been properly accomplished and verified.

It is our assessment that the information you presented provided reasonable assurance that you had evaluated the design changes thoroughly enough to support your conclusion that plant operation could be resumed without adverse affect from recent modifications.

Your cooperation with us is appreciated.

Sincerely,

Original Signed By:

Richard W. Starostecki, Director  
Division of Reactor Projects
