Subject: NEORSD Petition

Cyn,

I talked with Larry Chandler today about the petition, and OGC is having a difficult time recasting the response. It is not even in a state that would be worth sharing with the staff. Larry projects that another couple of weeks will be needed, which to me translates into after Christmas. The hangup appears to be the widespread implications affecting NRR licensees as well as NMSS. At any rate, perhaps the OEDO inquiry will give it a little push.

Cheers,

King
