RE: Reply to notice of violations

To Whom it may concern,

In response to your letter dated 10-22-96, we have taken the following precautions to prevent the following list of violations from occurring again.

#1. License was amended on 10-21-96, to read as Aaron Kurt Clark Radiation Safety Officer.

#2. Leak test to be performed every 6 months.

With the help of the company Safety Officer, leak test to be conducted and reported to him/her every 6 months. Also the gauges in question were leak tested on 9-23-96 (results sent to region 3 on 10-4-96).

#3. Physical Inventory.

This will also be monitored by the company Safety Officer, reports will be forwarded to the safety officer on a 6 month interval.

#4. Transportation of Licensed Materials.

Bill of Lading booklets have already been made, and are carried in the vehicle transporting the licensed materials.

With the response of this letter to you, we will be in full compliance with the document # 34-24855-01.

RESPECTFULLY

Aaron Kurt Clark  
Radiation Safety Officer
