Gentlemen:

This refers to the telephone discussion on August 13, 1985 between Mr. Kevin Rovito of your staff and Mr. James Joyner of this office regarding the operation of your isotope dose calibrator and the security of licensed materials in your possession:

With regard to this matter, we understand that you have taken the following actions:

1. On August 9, 1985, you obtained an operable, calibrated dose calibrator to assay radiopharmaceutical doses. Licensed materials will not be administered to patients unless the performance of the dose calibrator is stable and accurate such the each patient dose can be assayed to be within $\pm 10\%$ of the prescribed dose.
2. Your procedures for the storage of technetium-99m generators on the weekend have been modified to provide for security against unauthorized removal and to provide for the proper posting of the storage area for these generators.

If our understanding of your actions, as described above, is not in accordance with the actions being implemented, please contact this office by telephone and in writing within 24 hours of your receipt of this letter.

Sincerely,

Original Signed By:
James H. Joyner
