FREEDOM OF INFORMATION
ACT REQUEST

FOIA-96-314
Rec'd 8-5-96

Via Federal Express

Carlton Kammerer
Director
6E2 TWFN
Nuclear Regulatory Commission
One White Flint North Building
11555 Rockville Pike
Rockville, MD 20852

Dear Mr. Kammerer:

This is a request under the Freedom of Information Act, 5 U.S.C. § 552.

Except as limited by the following two paragraphs, I would like copies of all documents relating to all licenses issued by the United States Atomic Energy Commission in the St. Louis, Missouri area and vicinity in the 1950s, 1960s, and early-to-mid-1970s.

Pursuant to FOIA 96-201, I have received documents relating to McDonnell Aircraft License No. C-2210 and STB-49. I want to confirm that I have received all documents relating to these two licenses. Documents produced pursuant to FOIA 96-201 also refer to McDonnell license number 24-2261-3 and 24-2261-4, and I would like to receive all documents relating to these licenses, as well as to any other licenses issued to McDonnell Aircraft besides the ones identified above. I want to clarify, however, that this FOIA is intended to cover all entities who received licenses, not only McDonnell Aircraft.

Please exclude Continental Mining and Milling Company (License No. SMA-0862), Commercial Discount Corporation (SMC-0907), and Cotter Corporation (License No. SUB-1022) from this request.

In addition, I have information indicating that the State of Missouri had, in 1977, a list of all licensees who used 10 C.F.R. § 20.304. In 1960, that regulation stated:

§20.304 Disposal by burial in soil.

No licensee shall dispose of licensed material by burial in soil unless

(a) The total quantity of licensed and other radioactive materials buried at any one location and time does not exceed, at the time of burial, 1,000 times the amount specified in Appendix C of this part; and

(b) Burial is at a minimum depth of four feet; and

(c) Successive burials are separated by distances of at least six feet and not more than 12 burials are made in any year.

I am interested in obtaining any such list in NRC's files covering anytime prior to 1980, whether developed by the State of Missouri, NRC, or any other entity.

I realize that there may be reasonable costs associated with locating and reproducing the requested documents. Should search and reproduction costs appear likely to exceed \$500.00, please contact me prior to incurring such costs.

Once the documents are located and copied, would you send them to me via Federal Express? My Federal Express number is 0802-0401-8.

Should you have any questions concerning this request, please call me at the phone number listed above. As specified in the Act, I will expect to receive a reply within ten working days from your receipt of this request. Thank you for your assistance.

Very truly yours,

Charlotte L. Neitzel
