Amendment No. 02

Storch Engineers
161 Main Street
Wethersfield, Connecticut 06109

In accordance with letter dated June 6, 1985, License Number 06-19679-01 is amended as follows:

Conditions 10., 12. and 17. are amended to read:

10. Licensed material may be used at 161 Main Street, Wethersfield, Connecticut and at temporary job sites of the licensee anywhere in the United States where the U. S. Nuclear Regulatory Commission maintains jurisdiction for regulating the use of licensed material.
12. Licensed material shall be used by those employees who has successfully completed the gauge manufacturers training course or the Connecticut Department of Transportation course in radiation safety, and have been trained in the licensee's safety procedures and approved by the radiation safety officer, Joseph F. Merluzzo. Documentation of training will be maintained for inspection by the Nuclear Regulatory Commission.
17. Except as specifically provided otherwise by this license, the licensee shall possess and use licensed material described in Items 6, 7, and 8 of this license in accordance with statements, representations, and procedures contained in application dated February 27, 1981, and letters dated April 1, 1981, March 4, 1982 and June 6, 1985. The Nuclear Regulatory Commission's regulations shall govern the licensee's statements in applications or letters, unless the statements are more restrictive than the regulations.
