Received By	Jackson

Gentlemen:

Due to changes in personnel and an expanded marketing area, we are requesting two amendments to our present Materials License, a copy of which is enclosed. We wish Section 10 of our license to be changed from "Licensed Material may be used anywhere in the State of Connecticut" to "Licensed Material may be used in any non-agreement State." Additionally, we wish Section 12 of our license to be changed from "Licensed Material shall be used by, or under the supervision and in the physical presence of Joseph F. Merluzzo or Hermann Hani" to "Licensed Material shall be used by, or under the supervision and in the physical presence of anyone who has successfully completed formal training in radiation safety taught by the Connecticut Department of Transportation or a representative of the manufacturer and who is aware of our safety practices".

We have enclosed a check for \$60 to cover the amendment fee.

We would appreciate your expeditious treatment of this request since we have an immediate need to use the equipment.

Thank you.
