RE: Source Material License SUA-917 Relocating Regulatory
Affairs Manager

Gentlemen:

This is to inform you that the position of Regulatory
Affairs Manager has been relocated to our Grand Junction
Office.

The duties and accountabilities will remain unchanged. The
relocation will centralize the Regulatory Affairs function
in the office of the President of Atlas Minerals, as well as
improve accessibility.

I will continue to review the monitoring results obtained by
the Radiation Control Coordinator, and assure compliance with
the regulations and license conditions specified in our
Source Material License SUA-917. In addition, I will
periodically perform audit inspections at the Moab Mill.

The Grand Junction address and telephone number are:

Atlas Minerals
743 Horizon Court, Suite 105
Grand Junction, Colorado 81506
