Attention: Mr. A. J. Sopowski

Gentlemen:

This is to acknowledge your letter of July 24, 1962, notifying us of the pending removal of equipment containing Strontium 90 sources covered by byproduct material license No. 29-7400-1.

In order to terminate the license, we will need your request to that effect after all byproduct material obtained under the license has been transferred to an authorized recipient. The request should clarify to whom the licensed materials have been transferred.
