COMMENTS:

1. I concur with Chairman Jackson's comments.
2. In developing its rulemaking, staff should ensure that performance-based or risk-informed methods are utilized only where the specifics are amenable to such methods, and that issues such as inspection and enforcement of such a rule be considered in a manner consistent with that stated in the August 13, 1996 SRM to COMSECY-96-030 regarding Risk-Informed, Performance-Based Regulation - DSI-12.
