MEMORANDUM FOR: File

FROM: D. C. Jeng, Comanche Peak TRT

SUBJECT: TELECONS WITH TUEC CIVIL/STRUCTURAL GROUP PERSONNEL

1. On December 13, 1984, Mr. Fred Webster of TUEC Civil/Structural Group called D. C. Jeng of TRT to request an opportunity to talk to D. Jeng and R. Philleo on the statistical data reduction procedure needed for the TUEC planned concrete strength Schmidt Hammer tests. D. Jeng advised Mr. Webster that R. Philleo was not available at the time and suggested that possibly one could arrange a meeting or telecon on Thursday, December 20, 1984 when R. Philleo will be coming back to the office. The parties agreed that the exact meeting or telecon date will be firmed up later.
2. On December 14, 1984, Howard Levin of TUEC Civil/Structural Group leader called D. Jeng around 9:45 am to talk about the possibility of setting up a meeting or telecon with D. Jeng/R. Philleo. D. Jeng advised Mr. Levin that R. Philleo will be back on December 20, 1984 to the office and D. Jeng will check to see if a meeting can be arranged. Parties agreed to contact each other on Monday, December 17, 1984 to firm up the arrangement.
