

L&R:IB:REB (44748)

JUL 17 1962

Middlesex County Sewerage Authority
Central Treatment Plant
Sayreville, New Jersey

Attention: Mr. A. J. Popowski

Continuation:

This is in further response to your letters of July 2 and July 10, 1962, concerning the disposition of material held under Byproduct Material License No. 29-7480-1, and the termination of that license.

As indicated in our letter of July 6, 1962, transfer of byproduct material must be to an authorized recipient. Kamline-Sanderson Engineering Corporation is not a licensee and hence not an authorized recipient.

We note that Condition 14 of your license requires that installation and disposal shall be performed only by Nuclear Corporation of America or other persons specifically authorized by the Commission to perform such services.

We must obtain clarification of proper disposition of materials held under your license before proceeding with the requested termination.

Very truly yours,

Robert E. Brinkman
Isotopes Branch
Division of Licensing and
Regulation

CC: Nuclear Corporation of America
Donville, New Jersey

cc: DeSanti

cc: Compliance (Region I)
w/copy ltr. July 10, 1962
