Freedom of Information Officer
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Freedom of Information Officer:

In accordance with the provisions of the Freedom of Information Act, 5 U.S.C. 522, the following information is requested:

1. Current listings of technical contractors in the earth sciences and geohydrology fields that may be available for high-level radioactive waste disposal work for the Commission, or the last Basic Ordering Agreement (BOA) listing of such contractors.

Please include an invoice for any fees or charges for searching for or copying the requested records. If the total fees exceed \$100.00, please inform us prior to filling the request.

The Freedom of Information Act requires that if portions of a requested document are exempt from release, the remainder must be segregated and disclosed; therefore, we expect receipt of all non-exempt portions of the records requested. If all or any part of this request is denied, please cite the specific exemptions of the Act that justify your refusal to release the information.

We would appreciate your communicating with us by telephone, rather than by mail, because of our desire to receive the information in a timely manner. Any inquiries should be directed to Gregg Larson (612/296-9037). We look forward to receiving your reply within 10 business days, as stipulated in the Act.

Sincerely,

Tom Kalitowski
