(Braidwood Nuclear Power Station, Units 1 and 2  
Docket Nos. 50-456 and 50-457) OL

This status report is submitted to the Licensing Board in accordance with my letter of August 5, 1985. My letter indicated that counsel for the NRC Staff, Applicant and Intervenor Rorem et al. were seeking to negotiate and reconcile objections to the interrogatories filed by Intervenor on July 2. Counsel for these parties met on August 14 and some progress was made. In this circumstance, the parties have agreed to continue discussions and to extend the time for filing any motion to compel or other appropriate pleading from August 19 to August 30.

The parties will also endeavor to stipulate, by August 30, to the form and terms of a protective agreement that would protect and keep confidential the identities of quality control inspectors and other persons who might be called as witnesses with respect to
