Docket No. 50-155

Consumers Power Company  
ATTN: Mr. R. B. DeWitt  
Vice President  
Nuclear Operations  
212 West Michigan Avenue  
Jackson, MI 49201

Gentlemen:

Thank you for your letter dated July 29, 1985, informing us of your intent to implement a facial hair policy for emergency response personnel.

With regard to your request that the U. S. Nuclear Regulatory Commission identify at this time a witness should company employees or their union challenge your new policy, we respectfully decline. It is not NRC's usual function to participate in labor management disputes between licensees and their employees. If and when your facial hair policy is challenged we can revisit the question if necessary.

We will review your implementation efforts during future inspections.

Sincerely,

"Original signed by J. A. Hind"
