Virginia Electric and Power Company  
ATTN: Mr. J. P. O'Hanlon  
Senior Vice President - Nuclear  
Innsbrook Technical Center  
5000 Dominion Boulevard  
Glen Allen, VA 23060

SUBJECT: NRC INSPECTION REPORT NOS. 50-338/96-10 AND 50-339/96-10

Dear Mr. O'Hanlon:

Thank you for your response of January 2, 1997, to our Notice of Violation, issued on December 2, 1996, concerning activities conducted at your North Anna facility. We have evaluated your response to Violation A and found that it meets the requirements of 10 CFR 2.201. We will examine the implementation of your corrective actions during future inspections.

In your response to Violation B, you indicated that an independent assessment by a consultant with experience in Maintenance Rule Program development and implementation was performed and when finalized the assessment results and associated corrective action plans would be provided to the North Anna Resident Inspectors. Since the long term corrective actions were not clear, in telephone conversations between Mr. Sommers of your staff and Mr. Belisle on January 17 and 21, 1997, Mr. Sommers agreed to revise the response to Violation B to include the results of the Maintenance Rule Self-Assessments as it applies to North Anna and that the revised response would be forwarded to this office by February 28, 1997.

We appreciate your cooperation in this matter.

Sincerely,

Original signed by George A. Belisle

George A. Belisle, Chief  
Reactor Projects Branch 5  
Division of Reactor Projects
