Mr. D. W. McClellan
Supervisor - Training
PECO Energy Company
Peach Bottom Atomic Power Station
RD #1, Box 208
Delta, Pennsylvania 17314

Dear Mr. McClellan:

On October 9, 1996, the NRC administered a generic fundamentals examination (GFE) section of the written operator licensing examination to employees of your facility. Enclosed with this letter are copies of both forms of the examination, including answer keys, the grading results for your facility, and copies of the individual answer sheets for your employees. Seven individuals were administered the examination and passed the examination. Please forward the results to the individuals along with a copy of their answer sheets. A "P" in the column labeled RESULTS indicates a passing grade of 80 percent or better on the GFE. Those individuals having an "F" in the RESULTS column failed the examination.

If you have any questions on the material sent with this letter, please contact Mr. Ivan Kingsley at 203-442-4355, Ext. 451.

Sincerely,
