Re: Shootaring Canyon Uranium Processing Facility
License No. SUA-1371, Docket No. 40-8698

Dear Mr. Holonich:

The enclosed are mostly replacement pages to be inserted into the Shootaring Canyon Facility Reclamation Plan dated December 18, 1996. Pursuant to conversations with Mr. Park and other members of the NRC review staff, during a meeting with Fred Craft of our office, it was determined that those items which were deficient and other parts of the document which the Company was going to amend, would be submitted at the earliest possible date to make the document complete for review.

This material completes the Reclamation Document.

If you have any questions or need any additional information please contact me or Fred Craft.

Yours truly,

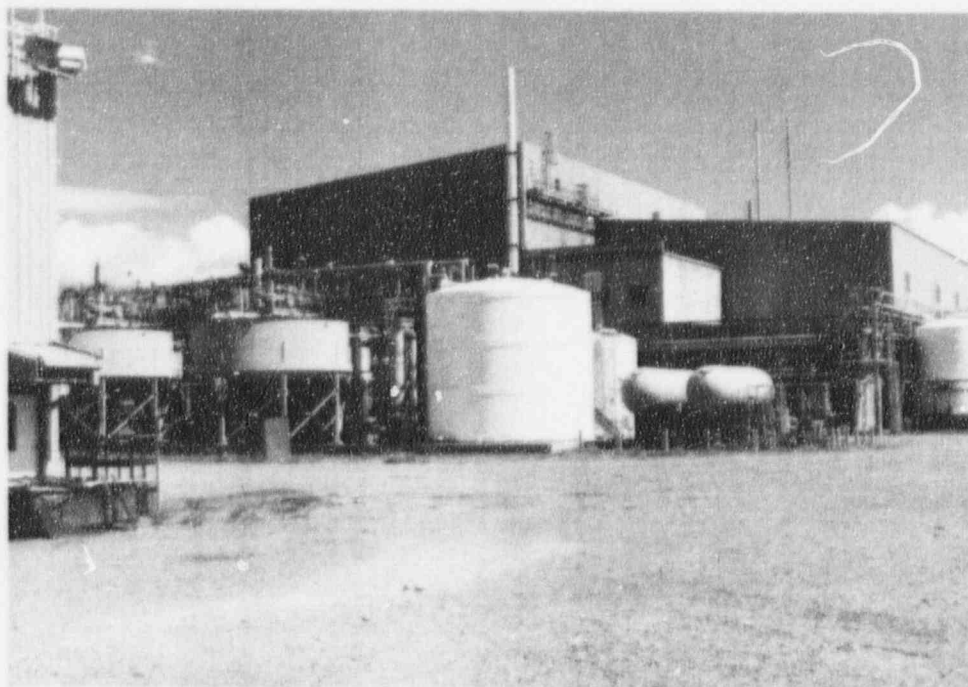

Kenneth Webber
Environmental Coordinator
