Subject: Freedom of Information Act Request

Dear Director:

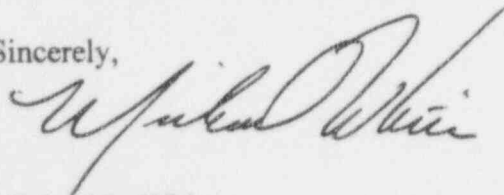

Under the provisions of the Freedom of Information Act, 5 USC § 552, I am requesting copies of all information relating to, and concerning the development of a 1988 Information Enforcement Notice regarding polimide insulated electrical wiring.

As you know, Section 552 (4) (a) permits you to reduce or waive fees when the release of information is considered as "primarily benefitting the public." I believe that the information requested fits this category because it relates to safety issues concerning and benefitting the public safety. Consequently, I am requesting the waiver of all fees. If this waiver is not granted, please inform me of any fees for searching and copying the records I have requested before you fill the request.

If you deny all or part of this request, please site the specific exemption that you think justifies the refusal to release the information requested and inform me of the appeal procedures available to me under the law.

I would appreciate the handling of this request as quickly as possible and I look forward to a response within 10 days, as stipulated in Section 552 (6) (a) (i).

Sincerely,

Michael L. White
