

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

October 25, 1996

OFFICE OF THE
INSPECTOR GENERAL

MEMORANDUM TO: James M. Taylor
Executive Director for Operations

FROM: *Thomas J. Barchi*
Thomas J. Barchi
Assistant Inspector General for Audits

SUBJECT: NRC HAS AN OPPORTUNITY TO COORDINATE PROJECTS
RELATED TO TRACKING EMPLOYEE LABOR HOURS

Attached is the Office of the Inspector General's Special Evaluation Report as stated above.

We prepared this special evaluation to draw management's attention to several upcoming NRC projects related to developing or reviewing labor hour tracking systems. Because tracking labor hours is a common thread among the projects, we saw this as an opportunity for NRC management to consider managing and coordinating them on an agency-wide basis.

Since this report contains no recommendations, we did not provide a draft for agency comment.
