Subject: PWR Owners Group, Risk Management Committee  
**For Information Only – PWROG-19020-NP Revision 1, Appendix E,  
“Review Summary” per PA-RMSC-1647**

Dear Ms. Leslie Fields,

The PWR Owners Group has developed the subject line material which is focused on what is being referred to as “Newly Developed Methods” or NDM. This letter serves to transmit the PWR Owners Group report material to the NRC for their information only and may be formally docketed. The report is not being submitted for NRC review and approval pursuant to the provisions of 10 CFR 170.11(a)(1)(iii)(A) and a separate TAC number should not be opened associated with PWROG-19020-NP, Revision 1, Appendix E.

Please find attached Appendix E of PWROG-19020-NP Revision 1. This appendix summarizes the completed NDM peer review associated with the room cooling method documented in PWROG-18027-NP which was observed by the NRC staff in the last few months.

If you have any questions, please do not hesitate to contact me at (602) 999-2080 or Mr. W. Anthony Nowinowski, Executive Director of the PWR Owners Group, Program Management Office at (412) 374-6855.

Sincerely yours,

Michael Powell  
Chairman and COO  
PWR Owners Group
