The RII Office of Investigations is investigating a discrimination complaint (10 CFR 50.7) at St. Lucie. When I interviewed the alleged he mentioned "a huge outage where Unit II was down for 4 or 5 months" during 1995. Unfortunately, I couldn't pin him down on the actual dates of the outage in 1995. Could you provide me with that time frame? Your assistance is appreciated. Jim Dockery - OI Ext. 16549
