RESPONSE 1

THIS IS A REPLY TO THE 8/23/95 REQUEST FOR BUILDING DRAWINGS FOR ROBERT SHEWMAKER.

ITEMS (635) C-1, C-5, (801) A-6 WERE INDICATED AS MISSING. ALL DRAWINGS REQUESTED WERE PROVIDED. AMS HAD IN ITS FILE ALL DRAWINGS THAT WERE ASKED FOR WERE COPIED AND FORWARDED TO MR. SHEWMAKER AT THE SAME ADDRESS AS APPEARS ON YOUR FAX.

ITEMS (635) A-9, S-2, (801) S-2, S-4 ARE THE ONLY DRAWING REVISIONS THAT ARE IN OUR FILES. THESE DRAWINGS DO NOT HAVE ISSUE DATES OR ENGINEER SEALS, THIS IS BEYOND OUR CONTROL.

ITEM (635) F-1 REVISION 5, 6/30/58 IS NOT IN OUR FILES. WE CAN NOT VERIFY IF THIS DRAWING REVISION EVER EXISTED.

RESPONSE 2

BASICALLY NO CHANGE IN STATUS SINCE 6-19-95. ALL BAG WATER IS IN THE 100 TO 120 PICOCURIE PER LITER RANGE.

RESPONSE 3

HAVE NEVER SEEN IN ANY WATER SAMPLES OF ANY KIND, EVER TAKEN AT AMS ANY INSOLUBLE CO-60.

Contract 535 (1956 bldg)

C-1 missing ✓

C-5 missing ✓

It should be verified that there is not a copy of the latest issued revision of the drawing available for the following drawings which have no issue date or engineer's seal.

A-9 and B-2 THATS ALL WE HAVE

WRONG - ITS NOT HERE  
Dwg F-1 sent from BIII was Revision 2, dated 3/17/58 and while at the site the AMS file of drawings contained a Revision 5, dated 6/30/58. We need to have a copy of the Rev. 5 version.

Contract 801 (1963 bldg)

A-6 missing ✓

It should be verified that there is not a copy of the latest issued revision of the drawing available for the following drawings which have no issue date or engineer's seal.

B-2 and B-4 THATS ALL WE HAVE

(2) On 8/19/95, Carol Berger provided us with a summary of the radionuclide content of the collapsible storage tanks. Please provide us with an updated version.

(3) According to your contract labs, did any water sample show any insoluble Co-60?

Thanks for your help.

Mike
