Dear Mr. Leeds,

This letter is to confirm the invitation extended to you verbally to participate in the INMM's Spent Fuel Management Seminar XIV to be held at the Loew's L'Enfant Plaza Hotel in Washington, D.C. on January 29-31, 1997.

Currently there are 5 sessions planned -- one of which will focus on Spent Fuel Storage Projects. It would be of interest to all attending the seminar for you to discuss the status of dry spent fuel storage and transportation licensing.

The oral presentation should be no more than 20 minutes in length. An additional 5 minutes will be allowed for questions. The meeting room will be equipped with a 35mm slide projector and an overhead projector for transparencies. If any other special equipment is needed (such as a video cassette tape player, monitor, etc.), please let us know ahead of time.

In order that we may accomplish our objective of providing each participant with copies of all presentations at the time of registration, we request that one copy of the paper/presentation be sent to the following address by December 20, 1996:

Ms. Barbara Scott Turbett
Spent Fuel Management Seminar XIV
Institute of Nuclear Materials Management
60 Revere Drive, Suite 500
Northbrook, IL 60062

All of us involved with this seminar would sincerely appreciate your agreeing to participate in this seminar, and we look forward to seeing you in January. If you have any questions, or if you need any additional information, please do not hesitate to call me at (703) 359-9355.
