SUBJECT: NRC INSPECTION REPORT NO. 45-25355-01/96-01

Dear Mr. Adams:

Thank you for your response of October 21, 1996, to our Notice of Violation, issued on September 23, 1996, concerning activities conducted under NRC License No. 45-25355-01.

Regarding Item C, your response indicated that the storage area surveys were performed; however, the surveys were not documented. In a telephone conversation between you and Ms. Andrea Jones of this office on November 4, 1996, you stated this additional information was obtained in discussion with your staff. Based on this additional information which was not available during the inspection, we agree with your conclusion that Item C of the September 23, 1996, Notice of Violation did not constitute a violation. We will adjust our records accordingly. However, we will adjust our records to indicate that failure to document the storage area surveys was a Non-Cited Violation of minor significance in accordance with the "General Statement of Policy and Procedures for NRC Enforcement Actions," NUREG-1600.

We will examine your corrective actions during a future inspection. Your cooperation in this matter is appreciated.

Sincerely,

*ISI*
