

NOTICE OF VIOLATION

Masonite Corporation
Danville, Virginia

Docket No. 030-06605
License No. 45-11921-01

During an NRC inspection conducted September 30, 1996, a violation of NRC requirements were identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," NUREG-1600, the violation is listed below:

Condition No. 11 of License No. 45-11921-01 names Mr. Jack E. Coyle as the Radiation Safety Officer.

Contrary to the above, as of September 30, 1996, the licensee did not amend the license to list Mr. William Mosbey as the new Radiation Safety Officer after Mr. Coyle's retirement in January 1996.

This is a Severity Level IV violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, Masonite Corporation is hereby required to submit a written statement or explanation to the Regional Administrator, Region II, with a copy to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. Your response may reference or include previous docketed correspondence, if the correspondence adequately addresses the required response. If an adequate reply is not received within the time specified in this Notice, an order or demand for information may be issued as to why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.
