Dear Mr. Nix:

I want to take this opportunity on behalf of the Nuclear Regulatory Commission to thank you for participating in the National State Liaison Officers' meeting on October 8, 1996. Your remarks during the panel discussion on electric utility industry restructuring and economic deregulation were both interesting and informative. I thoroughly enjoyed being the panel chair and having the opportunity to spend some time to get to know you and the other panel members.

The NRC appreciates the cooperation of the States in discussing this important issue. We look forward to future opportunities to work with you on this and other important matters.

Sincerely,
