Nuclear Regulatory Commission
Nuclear Materials and Safeguards Branch
631 Park Avenue
King of Prussia, PA 19406

Dear NRC:

Enclosed please find a complete application for an Industrial By-product material License. We have also enclosed the \$700 application fee.

Please note that we are currently located at a temporary site, 4100 Quakerbridge Road, Lawrenceville, New Jersey. We expect to relocate to a permanent site, either in Lawrence Township or Bucks County, Pennsylvania within the year. A new site plan will be submitted when it is finalized. The radiation safety program will remain the same in all other respects. We will inform you when we set the precise date for our move.

We have retained the services of a consulting Health Physicist, Dr. E.A. Christman, to provide assistance in the implementation of the radiation safety program and during the move. His C.V. is enclosed.

If you need additional information please contact me at (609) 799-4020.

Sincerely yours,

Dr. Barry L. Levinson
