Gentlemen:

Enclosed is corrected copy to License No. 40-07285-02, Amendment No. 05, dated May 22, 1985. You should review this document for correctness and completeness. The phrase "or under the supervision of" has been removed since training of physicians is not authorized under a private practice license. This condition as now written does not prohibit administration by technicians, however. Also you will note that we have increased the authorization for Dr. Tan to include Group I.

If you have any questions concerning this action, please feel free to contact us at 817/860-8100.

Sincerely,
