**Subject : Comments on NRC Strategic Assessment International Activities**

Dear Mr. Shea,

1/ We are sorry but we did not receive your mail from late September 1996.

Our address has few changes:

 Nuclear Regulatory Authority  
 Bajkalská 27, P.O. Box 24  
 820 07 Bratislava  
 Slovak Republic

2/ Let me also to inform you that Chairman Misak is participating on ANS Meeting in Washington this week - and one topic in the agenda for discussion with US NRC is INTERNATIONAL ACTIVITIES - Bilateral Cooperation between Slovakia and USA in Nuclear Safety.

3/ My brief comments to your fax dated October 29:

a) We do not have any important considerations that may have been omitted from the paper.

b) We have no comments to the assumptions and projections discussed in the paper. From the point of view of "beneficiary" country as well as the positive influence on nuclear safety world-wide we prefer Option 4 and/or Option 5 discussed in the paper.

c) We support the examination of NRC's international activities and its prioritizing.

If you have any further questions please contact me:
