Thank you for your October 30, 1996, letter in response to the Notice of Nonconformance (NON) that was attached to the subject inspection report.

We have reviewed your letter and find that your reply to the NON is responsive to our concern. We will review the implementation of your corrective action during a future U.S. Nuclear Regulatory Commission staff inspection to determine that full compliance has been achieved and will be maintained.

We have no questions at this time and will review the corrective action and preventative measures which Zetec, Incorporated has taken during a future inspection. If you have any questions regarding this matter we will be pleased to discuss them with you.

Sincerely,
