Dear Mr. Pluim:

I am responding to your August 27, 1996, letter enclosing documentation confirming the sale of your nuclear gauges and requesting termination of Materials License 48-26570-01.

Materials License 48-26570-01 is being terminated in accordance with your August 5, 1996, request. Footnote 1 of 10 CFR 171.16 provides that the annual fee is waived when a license is terminated prior to October 1 of each fiscal year. The 1996 annual fee is waived for those licenses and holders of certificates, registrations, and approvals who either filed for termination of their licenses or approvals or filed for possession only/storage only licenses prior to October 1, 1995, and permanently ceased licensed activities by September 30, 1995. An amendment request filed after October 1 of each fiscal year to cancel a license does not cancel the annual fee invoice. Your August 5, 1996, termination request was not timely filed for purposes of avoiding the FY 1996 annual fee or for the 50 percent proration. Therefore, Invoice AM3856-96 is due and payable.

Enclosed is Form 526, Certification of Small Entity Status for your possible use. If you determine that Westbrook Associated Engineers, Inc. meets NRC's lower tier small entity size, please complete and return the form. A reduced fee of \$400 would then be due. Payment of the appropriate fee should be mailed, with the completed Form 526, if applicable, to the address listed on the invoice.

Late charges will be waived if payment is received within 30 days from the date of this letter. If payment is not received within 30 days, all late charges will be assessed.

If you have any questions concerning this matter, please contact Shirley Crutchfield at 30-415-1097.

Sincerely,
