Gentlemen:

This refers to our License No. 37-09817-02 which expires May 31, 1985. Please find enclosed two (2) copies of NRC Form 313, Application for Material License.

Our desire is to terminate our license before its expiration date; however, time constraints within the procedure for the disposition of our licensed material may delay that action. I have been in contact with Dr. J. Piccone of your office regarding the disposition of our licensed material.

In regards to the application for license renewal we wish to operate under our current license, in accordance with statements, representations and procedures contained in application dated March 7, 1979 and letters dated May 13, 1983 and July 12, 1984.

I understand there is no fee for this temporary license renewal.
