

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

August 20, 1985

The Honorable Arthur E. Morris, Chairman
The Advisory Panel for the Decontamination
of Three Mile Island Unit 2
Mayor of Lancaster
120 N. Duke Street
Lancaster, PA 17602

Dear Mayor Morris:

This is in response to your letter of July 22, 1985 in which you express the Panel's disappointment at the NRC's failure to deal with the Parks' matter in a timely fashion. I understand that the NRC staff immediately advised you of the proposed enforcement action issued to GPU Nuclear on August 12, 1985.

Some enforcement actions, because of their complexity, require more than the usual amount of time to resolve. The alleged discrimination involving Richard Parks at TMI-2 is such a matter. Let me assure you that the Commission will continue its efforts to conclude the remaining TMI investigation and enforcement matters as soon as possible.

Sincerely,

Nunzio J. Palladino
