

KINROSS

DeLamar Mining Co.

October 1, 1996

Mr. Robert Brown
Senior Radiation Specialist
United States Nuclear Regulatory Commission
611 Ryan Plaza Drive, Suite 400
Arlington, Texas 76011

Re: LICENSE #36-27090-01 AMENDMENT

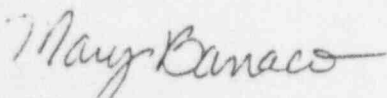

Dear Mr. Brown:

Kinross DeLamar Mining Company requests that License #36-27090-01 be amended as follows:

- * Change the name of the person in condition 11.A. and 11.B. from Benny Carson to Martin Davies. Mr. Davies is the new Radiation Safety Officer for the mine site.
- * Remove the word "licensee" in condition 15. Any installation, initial radiation survey, removal from services, maintenance and repair of devices containing sealed sources will be performed by Texas Nuclear (the manufacturer of our gauges) or persons specifically licensed by the Commission or an Agreement State to perform such services, not Kinross.
- * Since Kinross will not be responsible for moving the gauges, the wearing of film badges and use of survey meters should not be required. Please delete this requirement in the permit.

Should you have any questions regarding this information, please contact me at (208) 583-2511.

Sincerely,

Mary Barraco
Superintendent, Safety
and Environmental Services
