Re: Renewal of License No. 06-00819-03
(expiration of January 31, 1984)

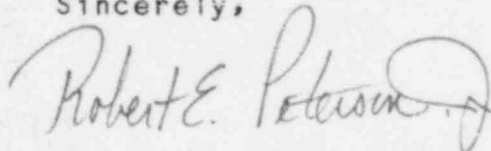

Dear Dr. Glenn,

Enclosed is the original and a copy of our license renewal application for Yale-New Haven Hospital's license 06-00819-03. The present license expires January 31, 1985. The renewal is basically the same as the last, with some changes in our Radiation Safety Program.

During the review process, we request that Yale-New Haven Hospital continue under the conditions of our present license. We also request that the two license amendments we recently submitted be included under our present license (Americium-241 and Iridium-192).

The \$700.00 fee is enclosed with the renewal application. If there are any questions please call me at (203) 785-2950.

Sincerely,

Robert E. Peterson, Jr.
Health Physicist
