Mr. David B. Matthews, Chief  
Emergency Preparedness Branch  
Division of Emergency Preparedness and Engineering Response  
Office of Inspection and Enforcement  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Gentlemen:

Haddam Neck Plant  
Millstone Nuclear Power Station, Unit Nos. 1, 2 and 3  
State and Local Emergency Response Plans

Several years ago Northeast Utilities Service Company (NUSCO), as agent for Northeast Nuclear Energy Company (NNECO) and Connecticut Yankee Atomic Power Company (CYAPCO), provided, to the NRC, State of Connecticut and local community Emergency Plans for the Staff's use at the Millstone Nuclear Power Station and the Haddam Neck Plant. Due to changes in both the State of Connecticut and various local Emergency Plans, and at the Staff's request, NUSCO is again providing these plans to the Staff.

As agreed by telephone, one copy of the plans is being sent directly to Mr. Falk Kantor of your office. Due to the volume of these plans, only one copy is being sent. It is important to recognize that these plans are control copy documents and usually updated every year.

Please feel free to contact my staff if you have any questions on this material.

Very truly yours,

NORTHEAST UTILITIES SERVICE COMPANY  
et. al.
