Dear Mr. Bauman:

In an August 23, 1996, Federal Register notice, NRC described an alternative you have proposed for decommissioning of the Shieldalloy Metallurgical Corporation's facility in Cambridge, Ohio. In the notice, we described the alternative and solicited public comments on it. In our September 16, 1996, public meeting in Cambridge on the draft environmental impact statement (EIS) for this facility, you stated that you had more detailed information on your alternative, but that it was only available to certain citizens of Guernsey County. You did not provide a copy to NRC.

I am requesting a copy of that more detailed information that you referred to in the meeting for our use in developing the final EIS. If you choose to not provide this information by November 30, 1996, the close of the public comment period, we will use the information you previously submitted to us for our evaluation, along with our own independent analyses.

If you have any questions, please call me at 301-415-6668.
