*Rec'd 1-14-85*

Dear Mr. Felton:

This request regarding the NRC's Technical Review Team report on quality control issues at Comanche Peak nuclear power plant is made under the Freedom of Information Act, 5 U.S.C. 552.

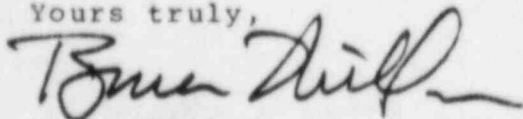

Please furnish me or make available to the Star-Telegram one copy of all preliminary drafts of the Technical Review team's report regarding quality control at Comanche Peak. This request includes all draft versions of the report regardless if the study has been released in its final form.

I am prepared to pay reasonable duplication fees. Please inform me if the costs are going to exceed \$50.

This information is of timely value and I will appreciate your responding by telephone rather than by mail. I will look forward to receiving your reply within ten business days or no later than January 25, as required by law.

Thank you for your assistance in this matter.

Yours truly,

Bruce Millar
