Mr. Walter Butler, Chief  
Licensing Branch No. 2  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Butler:

Re: Nine Mile Point Unit 2  
Docket No. 50-410

Enclosed for use and information is a detailed calculation of the integrity of the feedwater check valves following a pipe rupture outside of primary containment for Nine Mile Point Unit 2.

Very truly yours,

C. V. Mangan  
Senior Vice President
