

UNITED STATES  
NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

November 19, 1996

Fluor Daniel  
ATTN: Mr. Donald C. Harris  
100 Fluor Daniel Drive  
Greenville, SC 29607-2762

Dear Mr. Harris:

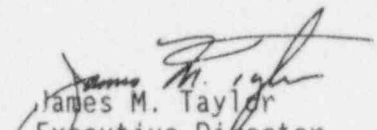

I am responding to your June 14, 1996, letter concerning Invoice No. AM02427-95, issued for the FY 1995 annual fee for Quality Assurance Program Approval for Radioactive Material Packages No. 0756. You also had written December 19, 1995, requesting that this invoice be voided. You stated in the December 19, 1995, letter that it was your intention in your August 11, 1993, letter to request the cancellation of both Quality Assurance Program Approval No. 0756 (QA-0756) and Materials License No. 39-01261-04 since the QA program is an integral part of your license and serves no other purpose.

Footnote 1 of 10 CFR 171.16 provides that the annual fee is waived when a license is terminated prior to October 1 of each fiscal year. Based on your August 11, 1993, letter License No. 39-01261-04 was terminated on August 25, 1993. However, QA-0756 remained in effect. We wrote to you on November 13, 1995, in response to your October 4, 1995, letter in which you returned subject invoice unpaid. We apprised you we had no record of a request to terminate QA-0756. On April 16, 1996, the Transportation and Storage Inspection Section, terminated QA-0756. However, they subsequently have informed us had they known the materials license was terminated in 1993, they could have terminated QA-0756 at that time.

Based on the information provided, the NRC: (1) grants an extension of time to file for termination to April 16, 1996, for purposes of avoiding the FY 1995 and FY 1994 annual fees; and (2) acknowledges that the need for QA-0756 ceased prior to October 1, 1993 (the beginning of FY 1994).

Invoice Nos. AM02490-94 and AM02427-95 have been cancelled. Refunds of \$1,152.22 received in payment of Invoice No. AM02490-94 and \$1,106.45 received in payment of Invoice NO. AM02472-95 have been authorized.

Sincerely,

  
James M. Taylor  
Executive Director  
for Operations
