Gentlemen:

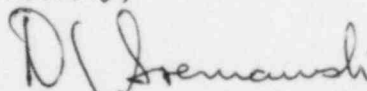

Thank you for your letter dated August 19, 1985, informing us of the steps you have taken to correct the noncompliance which we brought to your attention in our letter dated July 29, 1985.

In response to your question regarding "use" of radioactive material, the NRC includes "storage" of licensed material in the definition of "use."

We will examine these matters during a future inspection.

Your cooperation with us is appreciated.

Sincerely,

D. J. Sreniawski, Chief
