Dear Dr. Soffer:

This refers to your letter dated January 6, 1997, notifying the NRC that you are adding an additional imaging area to your facility.

Based upon the information submitted in your letter dated January 6, 1997, we agree that an amendment to your license to add the imaging area does not appear to be needed at this time. However, you may need to amend your license in the future if you decide to receive, use, or store licensed material in the imaging area.

Sincerely,
