Gentlemen:

Subject: Inspection No. 85-01

This refers to the routine safety inspection conducted by R. H. Ladun of this office on June 20, 1985 of activities authorized by NRC License Number 37-20734-01 to the discussions of our findings held by R. H. Ladun with yourself at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Within the scope of this inspection, no violations were observed.

As discussed at the exit interview, you must store all sealed sources in a locked container similar to the one described in your September 30, 1983 letter to the NRC.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room.

Your cooperation with use in this matter is appreciated.

Sincerely,

Original Signed By:
