

February 21, 1997

Mr. Michael L. Eagle  
Vice President Manufacturing  
Eli Lilly and Company  
Lilly Corporate Center  
Building 48/3, Mail Drop 0530  
Indianapolis, IN 46285

SUBJECT: NRC INSPECTION

Dear Mr. Eagle:

This refers to the inspection conducted on January 28 and 29, 1997, at the Eli Lilly and Company Corporate Center, Indianapolis, Indiana with continued in-office review through February 11, 1997. The purpose of the inspection was to determine whether activities authorized by the license were conducted safely and in accordance with NRC requirements. At the conclusion of the inspection, the findings were discussed with members of your staff.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, independent measurements and observations of activities in progress.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,  
**Original Signed by Roy J. Caniano**

SUBJECT: NRC INSPECTION

Dear Mr. Eagle:

This refers to the inspection conducted on January 28 and 29, 1997, at the Eli Lilly and Company Corporate Center, Indianapolis, Indiana with continued in-office review through February 11, 1996. The purpose of the inspection was to determine whether activities authorized by the license were conducted safely and in accordance with NRC requirements. At the conclusion of the inspection, the findings were discussed with members of your staff.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, independent measurements and observations of activities in progress.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

Cynthia D. Pederson, Director  
Division of Nuclear Materials Safety
