Amendment No. 13

CORRECTED COPY

13. Notwithstanding other authorizations and requirements of this license, the licensee shall have the cobalt-60 source described in Subitem 7.A. of this license removed from the teletherapy head and returned to the supplier if the radiation levels permitted by Section 35.641 of 10 CFR Part 35 are exceeded.
14. The licensee is exempted from decommissioning financial assurance requirements for possession of licensed material in sealed sources in quantities greater than the limits of 10 CFR 30.35(d) for the purpose of source changes only. This exemption is granted for no more than 30 days for any one source change.
15. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below, except for minor changes in the medical use radiation safety procedures as provided in 10 CFR 35.31. The Nuclear Regulatory Commission's regulations shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulations.
