Dear Mr. Herbig:

Subject: Authorized User change, license #34-05015-01

License renewal amendment no. 55 was received 5/29/97. Before the renewal amendment was received, separate correspondence was sent on 9/26/95 to request the removal of Dr. Berta Hildene Olson Baumann as an Authorized User on license #34-05015-01. This request was omitted on the renewed license amendment. A corrected amended license which had been requested via telephone conversation last year after review of amendment no. 55 still indicated Dr. Baumann was listed as an Authorized User, has not been received.

Please forward the attached to the U.S. Nuclear Regulatory Commission, Region III, to bring this matter to their attention once again.

Thanks for your attention to this matter.

RE: License No. 34-05015-01,

TO WHOM IT MAY CONCERN:

This correspondence is to advise you under 10 CFR 35.14 that Berta Hildene Olson Baumann, M.D., named on our license, has discontinued performance of duties. This notification was previously sent to the Commission, but our recently amended license still references Dr. Baumann as an authorized user. We felt we should bring this to you attention.

Thank you for attention to this matter.

Sincerely,
